

Testimonials from our Customers:

“The timely completion of the bid repair work as well as the additional repair work requested under Field Order No 1 before Substantial Completion deadline ensured that the City’s outfall was protected during the most critical portion of hurricane season. Our engineers and inspectors enjoyed working with UESI and look forward to future projects together.”

J. Philip Cooke • Project Manager • Hazen and Sawyer Environmental Engineers & Scientists

“So many things happened that could have caused this Project to go “sour” but it didn’t, UESI wouldn’t permit it to happen.
I consider the Project a complete success, largely thanks to your company”

Jerry A Britton, P.E. • Contracting Officer’s Technical Rep. • United States Department of Commerce

“You lead a team of the utmost professionals and I know I can count on UESI to provide superior services in a timely fashion.”

Corey J Perrella • Environmental Scientist • ZFI Engineering & Construction

“Your men are batting a thousand today. Nice to know we have a contractor on the site that practices what they preach, *Safety First!*”

M.C. Yeargin • FPL Nuclear Projects STR Contract Coordinator • Florida Power & Light Company

“I am pleased to note that the work was completed without a lost-time accident. I appreciate the effort you devoted to safety on this project.”

Janet I. Holmes • Contracting Officer • Department of the Army

“Because of your excellent efforts attentiveness to detail we have completed the project without injury to personnel, within cost estimates, and with amiable relationships.
Successful projects are attributed to companies that do not compromise worker safety, focus on controlling and improving cost, and maintain communication between customer and members. S.G. Pinney & Associates (UESI) is an example of such a company.”

Alan C. Henderson • Service Group Florida Power and Light, Sanford Site

“Throughout the entire process, UESI provided prompt response time during this emergency situation and quickly adapted to the changes encountered at the job site, resulting from weather and ocean conditions.”

“I would not hesitate to consider them for work of this nature in the future.”

Richard Bouchard, P.E. • Coastal Engineer • St Lucie County Public Works Department

“I was impressed with the choreography of the barrier mats being lifted and placed.”

“No negatives, all positives.”

Seth Duston • St. Lucie Training Manager • Florida Power and Light

“What a wonderful job UESI is doing with turtle net and the basin draining.”

“Appreciation for the environmental awareness that UESI has consistently demonstrated.”

Kimberly Perron • Project Manager • St Lucie Nuclear Plant

“The dive team was professional, cooperative and hard-working at all times. We look forward to future inspections with the knowledge that we have chosen the right dive service.”

Paul Tomkins • Energy Northwest

“UESI has proven itself to be a professional and reliable contracting firm and we would not hesitate to recommend them to anyone.”

“The UESI team provides us with the performance we are looking for.”

Larry Tarr • Blue Goose Construction

“The success of this project was greatly enhanced by the professionalism and willingness to partner with us that UESI demonstrated through out the development.”

“I consider them to be the vendor of choice and the benchmark for others to be measured against.”

R.M Spiroff • Director of Operations • American Utility services, Inc.

“Thank you for providing an excellent crew and supervisor. They provided safe, efficient and thorough in-water eyes and ears for our engineers. They were prompt, courteous and professional.”

Robert Cutcher • P.E. • Cutcher & Associates, Inc.
